Dear Old Webby! Have you forgotten me! or I you? how on earth do you ever expect to make an efficient "Sea Boy" with that other young fellow. if you don't keep up your correspondence! It's awful to be on the wrong side of the wire this weather, but we are all confident we shall be home soon, when we shall celebrate in real fashion. I trust you and your family are well, please convey my regards to all, also all old lads with you. Will close as ever Your Old Friend Harry Beesley
